The drawings will be reviewed by the draftsman for form later. They are approved by the examiner as to content.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --
(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 1-11 are rejected under 35 U.S.C. § 102(a) as being clearly anticipated by Whitaker or Pickett et al cited by Applicant.

The claims read directly on the art cited by applicant. There are not seem to be structural nor method limitations recited upon which to predicate patentability.

Any inquiry concerning this communication should be directed to Examiner Fears at telephone number (703) 308-0956.
